

Portable HD DigiBoard

Designed to deliver superb visual performance anywhere, anytime!

VuePix Portable HD DigiBoard provides you with a new level of flexibility when it comes to using LED screens for corporate events, indoor advertising and digital signage.

Our mobile DigiBoard is based on the VuePix Infiled revolutionary Digital Wallpaper series, offering the latest ultra thin, ultra-light & ultra hi-res LED screen technology, now with the flexibility to use it anywhere and anytime! Simply wheel your DigiBoard to a desired location and you have a perfect digital medium to communicate your message to the audience.

The state of the art, slimline, versatile & portable screen comes in 2 different standard sizes of 108" or a 136" diagonally, with custom options available.

Our Portable DigiBoard is designed to deliver superb visuals in any kind of indoor environment, including Conference rooms, Office Spaces, Hotels, Event Centres, Entertainment Venues, Hospitals, Schools & Universities and many more.
