

# RENTAL & TOURING SYSTEMS

## THE MOST ADVANCED LED DISPLAY SYSTEMS ON THE MARKET

Our extensive understanding and experience in live production has placed VuePix Infiled technology at the forefront of the industry when it comes to providing a reliable and brilliant visual performance in a live environment. Our LED systems are designed to bring new dimensions to your creative stage productions.

We offer cutting-edge LED touring systems, featuring high-brightness LEDs, producing stunning visuals in any light conditions, even under the direct sun. The VuePix Infiled panels are remarkably strong and robust, but also extremely lightweight. The cabinets feature intuitive locking systems, ergonomic handles and other advanced features, which assist in rapid installation. Our advanced touring panels are equipped with an in-built angling system, allowing displays to be set up as flat or curved screens, convex or concave, in different angle options. Most of our systems offer both front and rear service and easy maintenance access.

Our touring systems offer dual power and redundancy, providing a guaranteed back up source that can be relied on during live productions.

We have a great understanding of the time restraints for installation and transportation of stage sets. We offer dedicated transportation systems to allow for easy transportation and to make the installation process super efficient.

The technology, design and support that our clients receive, are the reasons that every performance our products are involved in, delivers and impresses the crowds.

**We offer the ultimate touring & production LED display systems, that provide you with infinite creative possibilities for your stage.**

**Contact our VuePix Infiled experts to discuss your next project**

## AR SERIES

### Lightweight high performance displays

- Fast lock system for quick assembly
- Separate and exchangeable PDU
- Convex & concave curving options
- Wide range of accessories

Pixel Pitch (mm):	2.9 / 3.4 / 3.9 / 4.6 / 4.8 / 5.9 / 7.8 / 10.4
Brightness (nits):	up to 5,000
Cabinet Size (mm):	500W x 1000H, 500W x 500H

## ART SERIES

### All-in-one rental & touring solution

- Lightweight & durable
- Built-in wind load reinforcement
- Fast installation
- In-built curving system  $\pm 10^\circ$

Pixel Pitch (mm):	3.9 / 4.6 / 5.9 / 7.8 / 10.4
Brightness (nits):	up to 5,000
Cabinet Size (mm):	500W x 1000H

## DB SERIES

### Ultra black LEDs for high contrast

- Deep black design
- Ultimate image quality
- Superb performance for camera
- In-built curving system

Pixel Pitch (mm):	1.5 / 1.9 / 2.3 / 2.6 / 2.8 / 3.4
Brightness (nits):	up to 2,000
Cabinet Size (mm):	500W x 500H

## EZ SERIES

### Versatile LED displays designed for rapid setup

- Enhanced versatility & reliability
- Easy setup & rapid installation
- Advanced edge protection
- Built-in curving system

Pixel Pitch (mm):	1.5 / 1.9 / 2.3 / 2.6 / 2.8 / 3.4 / 3.9
Brightness (nits):	up to 5,000
Cabinet Size (mm):	500W x 500H

## GX2 SERIES

### High-powered versatile LED displays

- Flat, arc, wave & creative config.
- Flexible installation options
- Enhanced corner protection
- Front & rear service options

Pixel Pitch (mm):	1.9 / 2.5 / 2.9 / 3.9 / 4.6 / 4.8 / 5.9 / 6.9
Brightness (nits):	up to 5,000
Cabinet Size (mm):	500W x 1000H, 500W x 500H

## RS SERIES

### Lightest Ever. Without Compromise.

- Ultra lightweight panels
- Delivering Outstanding Visuals
- High refresh rate and contrast ratio
- Rapid deployment

Pixel Pitch (mm):	2.5 / 3.9
Brightness (nits):	up to 5,000
Cabinet Size (mm):	500W x 1,000H

## TITAN-X SERIES

### The ultimate transparent touring solution

- Excellent transparency of 70%
- Extensive load capacity frame
- Wind bracing system
- Easy to transport

Pixel Pitch (mm):	8.3
Brightness (nits):	up to 4,000
Cabinet Size (mm):	1200W x 1200H

## X2 SERIES

### Highly flexible cabinets with curving

- Advanced curving system  $\pm 30^\circ$
- Wide viewing angles
- Quick lock system & easy alignment
- Easy maintenance

Pixel Pitch (mm):	1.9 / 2.6 / 2.9 / 3.9
Brightness (nits):	up to 2,000
Cabinet Size (mm):	500W x 500H
